

### In English...

We will be exploring the book *Curious case of the missing mammoth*.

### In Maths...

We will look at place value to 40 and revisit addition and subtraction.

### In Geography...

We will learn about the UK, the countries it is made up of and the capital cities. We will continue to study the weather of the UK.

### In PSHE...

We will look at how we look after ourselves and our No Outsiders is 'Max The Champion'.

### In Computing...

We will begin to explore programming by using the Beebots.

### In Music...

We will be combing pulse rhythm and pitch.

### In RE...

We will be learning about celebrations from different religions.

### In PE...

We will learn gymnastics and how we can make different shapes with our bodies. We will also develop our sending and receiving with our hands.

### In DT...

We will look at the practitioner Heston Blumenthal and exploring mechanisms.

### In Science...

We will revisit our learning from Autumn 1 materials and begin to describe and experiment with the materials properties.
