

In English...

We will be using a fiction book called The Last Wolf as the stimulus for our Reading and Writing. Our final piece will be a letter

In Maths...

We will be naming and describing 3D shapes, finding fractions of a shape and quantity and working on telling the time to five minutes.

In Science...

We will be investigating, how seeds and bulbs grow into mature plants and how plants need certain things to grow.

In Geography...

We will explore the deserts of the world. We will learn what a desert is and explore the Sahara Desert and Antarctica. We will learn about the Equator and recap the continents and oceans

In RE...

We will be thinking about the question "What do Humanists think a good life is about?"

In Computing...

We will be learning about programming. We will be working with programmable toys to explore algorithms and debugging.

In PSHE...

We will look at another book in our No Outsider work and explore how we can be our best- looking at Growth Mindset and keeping healthy.

In PE...

We will be learning how to accurately apply our jumping skills in combination and within games. We will also be learning how to use a bat safely to strike our ball into space, directing the ball away from fielders.
